- **To paint a picture of the future joint warfighting environment**
- **To sign you up for *'out of the box thinking'***

21st Century Security Environment

Import of New Security Environment

We must transform!

eys to Transformation:

- **Exploit Technology**
- **Exploit DOD ability to integrate processes**

Result: JV2010 Vision shall be realized

Transformation

Fundamental Change in how an Enterprise Conducts Business

RMA

- Driven by technology
- Focused on **MISSION**
- Subject to external forces
- Information integrates systems
- Information maximizes output

RBA

- Driven by technology
- Focused on **PROFIT**
- Subject to external forces
- Information integrates systems
- Information reduces input

RMA + RBA = DOD Transformation

Forging Tomorrow's Force

Land	Sea
Air	Special Ops

Past

WORLD WAR II

Focus on the seams

Land	Sea
Air	Special Ops

Develop the breakthrough concepts

"moving beyond interoperability to truly joint operations"

Future

"greater than the power of 4"
